# THE LIFT

A Salon

EASTHAMPTON

Hair Salon

Best Hair Salon

**At The Lift salon in Easthampton's eclectic Eastworks building, the big-city experience and expertise will transform you while the small-city convenience offers a holistic pampering.**

**When you arrive at The Lift, we'll get you settled and offer you a treat from our cache of high-end loose-leaf teas from the Tea Guys of Whately, MA, coffees and short bread. Then the real decadence begins when our stylists massage your scalp while touching upon vital pressure points releasing all your stress with the best products available.**

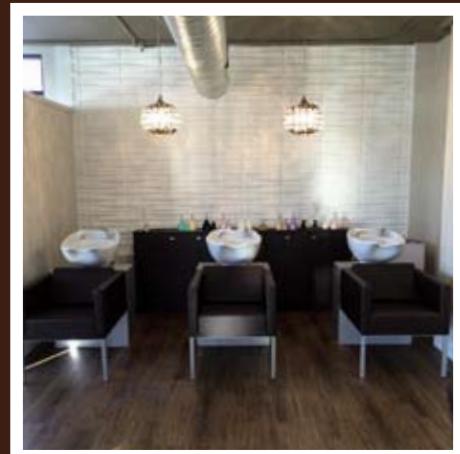

**There is an unmistakable elegance to the experience at The Lift with stylists' attention to detail and personal, one-on-one consultations. But what truly sets us apart is the education and training that our stylists receive abroad at the L'Oreal International Hairdressing Academy in Paris, France, and Rome, Italy, as well as at L'Oreal's SOHO Academy in New York City.**

**Stylists at The Lift combine the ability to listen to what clients want with their rich education. The results are unmatched cuts, colors and styles.**

**Other extras at The Lift include use of iPads and free Internet access during services that require a wait, and the nearby Riff's eatery will deliver from its well-rounded menu. And next door, in our North Amherst salon, we have Bread & Butter, a gourmet breakfast and lunch spot who will happily deliver while you process your color service.**

**You can't beat the combination of relaxation with rejuvenation and delectable cuisine. It'll make your day.**

### Meet the Hunt's Holyoke Staff...

**Christopher Devine**  
studied filmmaking and photography at the Brooks Institute in Southern California and graduated with a BFA. After a few years in California working on film productions he returned home to Connecticut. Christopher just hit his one year anniversary mark on July 1st. Christopher uses photography and film making as his creative outlet and spends his time photographing nature and landscapes as well as documenting the people and scenes around him.

**Laura Jones**  
has been involved with photography for 30 years. She has an MFA in photography from Syracuse, and has taught in Boston and New Hampshire. Laura has 25 years of photo retail experience and has been with Hunt's for the last 7. She has fun photographing everything, but lately has been doing a lot of nature and bird photography since "it's a great way to spend free time".

**Shawn Davis**  
studied photography in Rochester, NY and graduated from RIT with a BFA. After a stint teaching photography in North Carolina he returned to his hometown in Western MA. Shawn is the store manager and has been with Hunt's since 2000. For his own pursuits he enjoys photographing people, places, and things and generally prefers how things look in black and white.

**Stephen Bidwell**  
hails from Minnesota and received his BFA from the Photography Art Institute in Minneapolis. In 2011 he and his wife moved to Western Mass and Steve has been with Hunt's since then. Steve occasionally does portraiture and otherwise really loves to photograph anything architectural; buildings, bridges, and other things humans build.

**Trisha Sunryder**  
is our newest addition, she comes to us from sunny Florida and started with Hunt's in May of this year. Trisha got seriously involved in photo while working a part time job as a lab tech. From her beginnings as the lab tech to climbing the ranks to manager Trisha brings 21 years of photo retail experience with her. Trisha enjoys all kinds of photography and doesn't favor a particular style though she enjoys macro and infra-red photography the most.
